

# ROGER WATT

## ARTIST STATEMENT

Having long had a fascination for reflections and the effects of light, my drawings increasingly explore their atmospheric properties. I find the physical process of putting marks on paper with graphite to be addictive, fulfilling and distinctly personal as it is a link to my father who first instilled in me the pure joy of drawing.

## BIOGRAPHY

Born: 1947, London

Art Education: 1966 -1969, Watford School of Art

Currently lives in Vancouver, British Columbia, Canada
